Dedicated To Providing Quality Drinking Water

End the annoyance of lifting heavy bottles and storing extra water bottles. Our AC Aqua Systems provide quality water to your business. Ensure that your staff uses only premium water for drinking and coffee brewing.

Carbon Filtration

Manufactured by Everpure® our water systems remove 99.9%** of all fine particles from your water. Items such as dirt, chlorine, protozoan cyst, asbestos fibers, particulate lead, oxidized iron, aluminum, sulfur and manganese are removed from your water. Selected pesticide pollutants such as p-Dichlorobenzene and Chlordane are also removed. Carbon Filtration eliminates 90%-99%** of all detergents and fishy, musty and earthy tastes and odors.

All AC Aqua Systems are maintained and serviced by our certified technicians. Filters are changed regularly at no charge.

* Everpure is the supplier of point-of-use water treatments to companies such as McDonalds, 7-Eleven, Coca-Cola and Disney World.

** Removal percentages as reported by Gulf South Research Institute under contract from U.S. Environmental Protection Agency.

Reverse Osmosis Water Filtration

Reverse Osmosis is the optimal way to rid water of impurities. Our five-stage RO systems utilize water line pressure to push tap water through a special membrane. This process significantly reduces the contaminants and conveniently rinses them down the drain.

Aroma COFFEE SERVICE

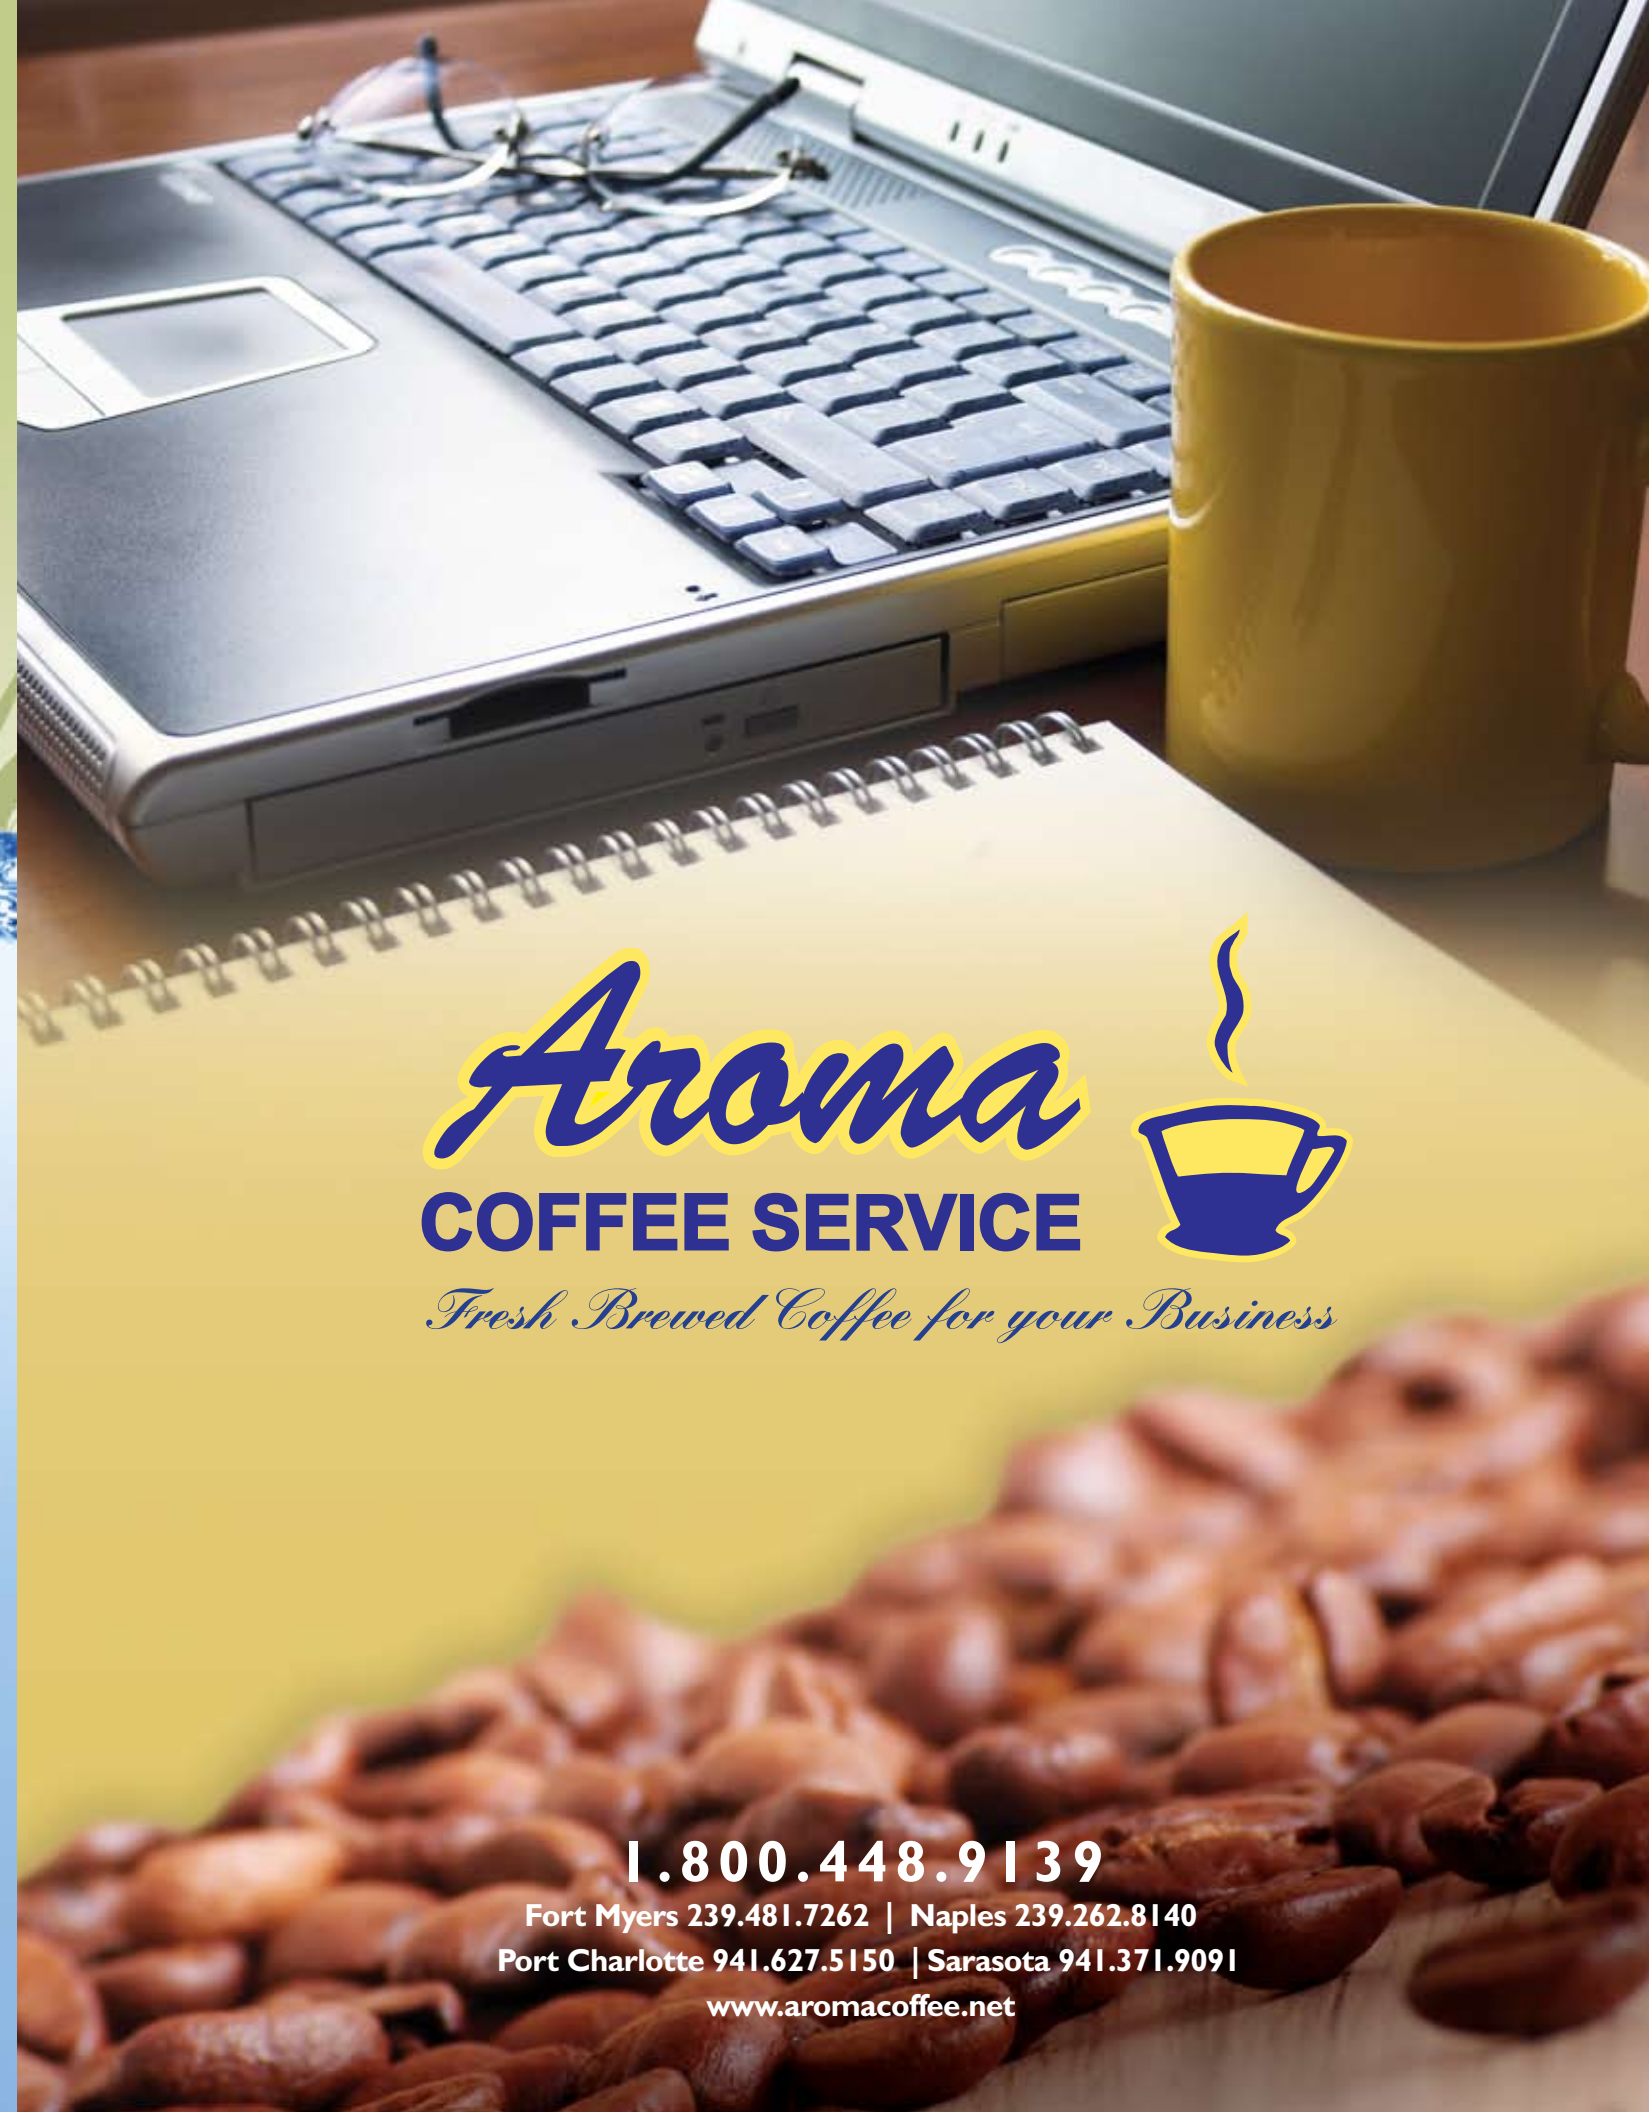

Fresh Brewed Coffee for your Business

1.800.448.9139

Fort Myers 239.481.7262 | Naples 239.262.8140

Aroma Coffee

Private Blends

For a truly delectable taste sensation, try any of Aroma Coffee's private blends. Our secret family recipe for delicious coffee has been satisfying customers for over thirty years.

Aroma Blend - Medium bodied, bursting with flavor. Smooth and distinctive. Also available in decaf.

Light Blend - Delicate and smooth. A lighter-bodied version of our Aroma Blend.

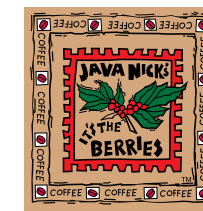

Executive Blend - A full-bodied cup of coffee. Colombian beans are added to the blend to enhance the rich flavor.

Restaurant Blend - Our most full-bodied coffee. Roasted slightly darker to bring the richness of restaurant coffee to your business.

100% Colombian Coffee - Fine flavor and body. Moderately aromatic. Mellow and rich.

Aroma Gold - Incredibly smooth, medium-bodied coffee. Perfect for everyday.

Gourmet Coffee Blends

Java Nick's Coffee

Aroma Coffee is proud to be the exclusive provider of Java Nick's coffee for Southwest Florida. Java Nick's uses

a select four-bean blend of Central and South American, hand picked Arabica beans to create the ultimate coffee drinking experience.
